REASONS FOR ALLOWANCE

Action Background

1. This action is responsive to the Appeal Brief filed on 4/4/2008.
2. Claims 43-46 are pending in the case, claims 43 and 46 are independent claims.
3. The examiner's rejection of claims 43-46, rejected as described in the office action dated 10/17/2007, is withdrawn in view of applicant's remarks. The finality of the office action dated 10/17/2007 is withdrawn in view of applicant's remarks.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 43 and 46, the prior art of record neither anticipates nor suggests to a person of ordinary skill, at the time the invention was made, the claimed method or apparatus for extracting records from a structured text in a computer system, comprising: identifying potential locations of values of record fields in the text by identifying locations in the text of items in lists of known potential values for record fields, identifying a region of interest in the text by applying multiple candidate region partitioners, evaluating each to measure how well it isolates a region with a high density and a high amount of potential locations of values of record fields, selecting one that measures best, and applying it to produce a region of interest, segmenting the region of interest into record regions that each contain data for a single record by applying multiple candidate segmenters, evaluating each

to measure how well it segments into regions such that each region has one field value per record field and such that different regions have similar numbers of field values for each record field, selecting one that measures best, applying it to produce record regions, extracting field values from record regions by identifying most likely locations of field values for each record field in each record region, and outputting records composed of extracted field values for record fields.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory J. Vaughn whose telephone number is (571) 272-4131. The examiner can normally be reached Monday to Friday from 8:00 am to 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen S. Hong can be reached at (571) 272-4124. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
